4. **What kind of dogs does Disciple Guide Service have?**

- We utilize a full kennel of seasoned, professionally trained retrievers (golden and labs).

5. **Can I bring my own dogs?**

- Yes, we only require that your dogs are well mannered and do not range out ahead of the hunters. Using your own dogs can be a great experience, but our birds are very wild. Our dogs must be under control at all times.

- Our hunting fields mostly consist of corn fields and milo, although we also hunt tree belts and crp grass.

- State law does not require orange, but company policy requires a minimum of an orange hat. We also require safety glasses. Both are available from our guides if you need them when arriving to the field.

8. **What kind of gun should I bring?**

- Most hunters like to use a 12ga or a 20ga. We require a minimum of #6 high brass shells, but we recommend #5 or #4 plated shot. There is no such thing as overkill for wild birds. They are much tougher than pen raised birds. Shells are provided for our all inclusive hunts.

- Possibly, we fill each hunt with a minimum of 6 hunters. If you want to hunt as an inclusive group, all we require is that you book a minimum of 6 hunters.
